Internet Safety

Internet Safety

The Internet Safety program was established in December 2008 with the focus of providing Clubs with resources to educate both young people and their parents about potential dangers on the internet and offering information about safe practices while online.

In order to receive a certificate and lapel pin, the JOOI Club needs to present the Adult Internet Safety Education Program to either school faculty members or their Sponsoring Adult Optimist Club or the Faux Paw program to a youth group.

Please contact Optimist International to obtain an informational kit.

*JOOI Clubs must submit the verification form to OI after the presentation.

*Also, get a copy of the new Teenage Internet Safety Program!

Joint Projects

Joint projects are an excellent way to allow Optimist and JOOI Members to get to know one another. Joint projects allow both Clubs a chance to do a project that the Club could not or would not do on its own. Try to plan a joint project in conjunction with an officer from each Club. One-day events work well for joint projects. Optimist International Programs such as Bike Safety Rodeos, Respect for Law Rallies or essay or speech contests make excellent joint projects. Successful past joint projects include spaghetti dinners before school events, tree planting, holiday decorating and food drives. Encourage as much participation as possible from both Clubs by carefully selecting the event, location and time. Excellent publicity will help ensure the project's success.

- Clean up school grounds
- Toys for Tots
- Conduct a recycling project
- Plant trees
- Sponsor a book drive
- Food baskets for the underprivileged
- Collect school supplies for schools in other countries
- Answer phones at a telethon
- Usher at school plays
- Sponsor a \$50 scholarship

Choosing a project:

Ask your sponsoring Club's President to see the *International Programs Planning Guide*, available at www.optimist.org. The Programs Department at Optimist International can provide you with a list of past Community Projects Awards winners, which you can repeat. Call (800) 500-8130 for more information.

- Brainstorm for project ideas in which many of the Club Members are interested.
- Identify specific needs in your community.
- Determine how many people your project will benefit.
- Determine if the project is reasonable – can the Club accomplish the project with the Members and resources it has?
