

Volunteer Month Challenge

April is National Volunteer Month and National Garden Month...what a great combination!

Plant the seed of Optimism in a longtime friend or a friend you've yet to meet. You can invite that friend to volunteer in a Club project with you and watch your Club grow with new volunteers and new Members.

The challenge is to spring into action and help your Club grow by introducing a new community-minded individual to Optimism.

Jack Creswell
2011-2012 International President

International Membership Committee
