

New Year, New Resolutions

“The real secret of happiness is not what you have or what you receive; it’s what you share.”

Ring in the New Year by helping other achieve their resolution of self-improvement, giving back and serving others! There’s no easier way to encourage others than helping them get involved with the Personal Growth and Involvement program (PGI).

Introduce the PGI program to members in your Club by hosting a PGI themed Club meeting. It’s easy to achieve the first level during the first meeting. Try setting a Club goal to have Members increase at least one level in PGI by the end of March. This will prompt Members to recruit and “Pick Up the Pace” as we strive to serve more kids by adding new Members.

Add to the challenge: Lt. Governor’s can offer a PGI module at the 3rd quarter zone meeting to help with level achievements.

The challenge is to have five Members in your Club achieve Level II between January 1,2012 and March 1, 2012.

Jack Creswell
2011-2012 International President
