OPTIMIST JUNIOR GOLF DEPARTMENT

The Junior Golf Department at Optimist International provides promotional materials such as logos, Optimist Golf video, press releases, and qualifying tournament posters.

Also maintain direct contact with all Districts and are responsible for the general promotion of the Optimist Junior Golf Program. The Optimist International Junior Golf Championships is publicized in many junior golf newsletters and national publications. Since golfers often call the International office in search of qualifying tournament information, it is imperative that we have up-to-date information about your District's upcoming tournament.

OPTIMIST JUNIOR GOLF DISTRICT CHAIR

Optimist Junior Golf District Chairpersons are the central points of contact, information, and coordination for all of the Optimist-sponsored junior golf events that take place in their District. District Chairs coordinate the promotion of Club, Zone, and District events and generate interest in the Optimist Junior Golf Program. They should attend quarterly District board meetings to report and solicit support for upcoming events.

It is essential that Optimist Junior Golf District Chairs keep in close contact with the Optimist Junior Golf Department. Junior golfers frequently contact the International office seeking information on how to qualify for the Optimist International Junior Golf Championships at PGA National Resort & Spa. It is critical that Districts supply the Junior Golf Department with the most current information about their qualifying tournaments. Please return all forms by stated deadlines and notify the office of any changes in your tournament structure or location as soon as possible.

Districts should tailor their golf program to suit the specific needs of their localities. Some Districts hold a series of Club or Pre-Qualifying (Zone or regional) tournaments as "feeders" for the District tournament when there is an expansive geographical area or a large number of participants. Other Districts hold one qualifying tournament by accepting direct applications from players. Districts may also combine efforts with other junior tournaments instead of organizing their own events.

Optimist Junior Golf District Chairpersons should encourage all Clubs in their District to participate in the program by either conducting pre-qualifying tournaments or by sponsoring local golfers in District tournaments. Clubs should also be encouraged to conduct junior golf fundraisers and provide volunteers on the days of District tournaments.

OFFICIAL POLICIES & PROCEDURES

District Qualifying Tournaments

Participants in the Optimist International Junior Golf Championships are determined through Optimist District qualifying tournaments. When eligible junior golfers contact Optimist International, they are referred directly to the Optimist Junior Golf District Chairperson in their area.

It is the official policy of Optimist Junior Golf that players are allowed to qualify for the Optimist International Junior Golf Championships only through Optimist District qualifying tournaments unless they are eligible for an exemption or live in a District that does not offer their age division or does not offer a qualifier. If a junior golfer is unable to play in his/her District qualifying tournament due to a conflict of schedule, that golfer may play in any other District qualifying tournament.

Only when Districts do not sponsor qualifying tournaments are participants allowed to submit at-large applications. The deadline for a Junior Golf Chair to submit their qualifier date and location is January 31, but may be extended if chair is actively seeking a date and location and communicating with Optimist Junior Golf staff.

Playing Up

Golfers may "play up" one division, but they must qualify in the higher division unless playing in a tournament prior to December 31, 2014. A golfer playing in an Optimist Qualifier, Tournament of Champions or other Exempt Tournament **prior to December 31, 2014** plays in the age division of his current age. If he/she places as a top finisher and qualifies for the Optimist International Junior Golf Championship and ages up, he/she must play in the age division as noted under "Age Divisions".

Requests to play up two or three divisions will require a special request to Optimist International

Caddies, Carts and Push/Pull Carts

Caddies and electric carts are not allowed in the international championships. Push/pull carts are permissible for golfers in the Boys 10-11, Boys 12-13 and all girls.

Distance Measuring Devices

Distance measuring devices are permitted at the international championships. Devices may measure distance only. Devices that measure slope, wind, etc. are not allowed even if other functions are disabled.

District Chairs are empowered to make a decision on pull cart and DMD usage at their qualifiers. The use of pull carts and DMDs is left to the discretion of the Chair based on host site restrictions, course layout, weather conditions, etc.

Age Verification/Birth Certificates

District Chairs are responsible for verifying the ages of players participating in Club, Zone and District events. Participants should be required to provide their birth certificate as proof of age.

All international championships participants will be required to submit a copy of a birth certificate, baptismal record, drivers' license or passport to Optimist International prior to the international championships. Players must qualify in the age division that they will be playing in at the championships.

QUALIFYING CRITERIA

Scoring Requirement

In order to qualify for the international championships, all golfers must shoot at or below an established target score in the District qualifier. The target scores by age division are listed below. All scores are in relation to par and are for 18-hole tournaments. For multiple-round tournaments, increase the amount over par accordingly. Refer to the table below to determine the exact scoring criteria based on the golf course's established par.

District Qualifying Spots

Each District will be granted a set number of qualifying spots in each age division. The number of qualifying spots granted to a District are based on the number of junior golfers who participated in that District's qualifier during the year prior. The outline explains how the qualifying method works:

- (1) "Target numbers" for each division were established that will maximize participation levels at the international championships but allow the championships to be completed using only a morning wave of tee times.
- (2) The total number of golfers participating in 2014 qualifiers throughout all Optimist Districts was logged for each age division.
- (3) A District's percentage of overall 2014 participation was calculated for each age division.
- (4) The number of spots granted in 2015 (in each division) will be calculated using the percent participation figure in Step 3 above.

Age Division Winners

All age division winners filling granted District qualifying spots must have shot at or below the established target score (see information to left) to be eligible to attend the international championships.

Ties

A tiebreaker should be used to determine the District winners, ties for the last qualifying spot, and ties for alternate spots. District Chairs are encouraged to use the USGA-recommended procedure for breaking ties. A hole-by-hole playoff is the preferred method, but District Chairs may also implement the method of matching scores over the last nine, last six, last three or last hole. The District Chair should announce the tiebreaking method to be used before the competition starts. Please consult the pro at your host course for assistance.

Out-of-District Golfers

If golfers from other Districts participate in your qualifying tournament, their participation will not eliminate any District residents from qualifying. If an out-of-District golfer qualifies for one of your spots, he/she is eligible to attend the international championships in addition to the next-highest golfer who lives within the District boundaries.

Alternates

Alternates will be admitted to the Optimist International Junior Golf Championships if a golfer who qualifies for one of a District's designated spots decides not to attend. District Chairs should determine alternates based on the tournament results and by using a tiebreaker if necessary (see information on breaking ties above).

District Chairs should keep in close contact with their qualified players in order to offer alternates a spot if necessary. Alternates must register for the international championships by the June 26. Alternates replacing District winners are not entitled to the \$70.00 discount and must pay the full \$720.00 registration fee.

Official District Tournament

A District qualifier will not be considered official unless all golfers in an age division complete a minimum of nine holes, in which case the tournament would revert back to the last hole completed by the entire age division. In the case of a District qualifier that is cancelled with no make-up date, golfers in said District will be eligible to submit an “at large” application directly to Optimist International. In this situation, the number of accepted “at large” applicants in each division will be equal to the number of qualifying spots granted for the District.

Districts with Multiple Qualifiers

If a District decides to offer multiple qualifiers, it is the District Chair’s responsibility to divide the number of allocated qualifying spots to each of the qualifiers held.

Districts with No History of Holding a Qualifier or Age Division(s)

Optimist Districts that have never held a qualifying tournament or have not offered certain age divisions in years past will be permitted to hold a qualifier. Districts in this situation will be limited to one qualifying spot per age division offered during their first year and will be included in the percentage allocation in future years.

Qualifying Spots for Future Years

The Junior Golf Department will review the number of qualifying spots granted to Districts annually. The number of spots designated for future years will be directly tied to a District’s participation percentage in relation to the overall number of golfers from the year prior.

Course Yardages

The following are the approximate course yardages that will be used at the Optimist International Junior Golf Championships. It is recommended

that similar yardages be used for your qualifying tournaments. Please consult the pro at the course you are using for further recommendation.

Boys Age Divisions

10-11 5,500 yards
12-13 6,000 yards
14-15 6,500 yards
16-18 6,800 yards

Girls Age Divisions

10-12 5,000 yards
13-14 5,500 yards
15-18 6,000 yards

THE AT-LARGE FIELD

Optimist Junior Golf accepts direct applications from junior golfers from the US and Canada who live in a District that does not sponsor a qualifier or that does not offer the appropriate age division.

If a player has a conflict with his/her own District qualifier, he/she must choose another District qualifier in which to participate and will not be permitted to apply as an at-large participant.

The at large application deadline is April 22, 2015. A limited number of golfers in each age division will be accepted through the at large method. Accepted at large applicants will be notified in early May and will be required to register for the Optimist International Junior Golf Championships by May 29, 2015.
