

Ron Huxley presents:

The President's Poker Tournament

2013-2014 - Las Vegas, NV

This year Optimist Governors and Vice Presidents will have the opportunity to participate in a poker tournament at Convention in Las Vegas. To encourage growth and activity in our districts, each goal listed below will earn the Governors and Vice Presidents a card.

If you are one of the top Governors/Vice Presidents in number of cards earned in a quarter, you'll take a seat at the table for that quarter and be dealt the number of cards you earned during that quarter. A greater number of cards gives a player more of a chance to make a winning hand. You'll have to earn a minimum of 5 cards to play a hand at the table.
