

## The Bottom Line

### *What is it going to cost to Build a New Club?*

2012-2013

	<b>Charter Fee</b>	<b>Insurance</b>	<b>Annual Dues</b>	<b>First Year's Total Cost**</b>
Individual	Recommend \$30* (Leftover funds go to Club's account)	\$1	\$60.93  (22.65 for College Students)	\$91.93
25-Member Club	\$400	\$25	\$1,523.25	\$1,948.25

\*We recommend that a Club collect \$30 from each Member to start the Club's bank account with some money for projects.

\*\*Total does not take into account District Dues, which are \$14 annually, on average.
