

Lieutenant Governor Training

ID-11

It is recommended that 8 hours of training for Lieutenant Governors and 6 hours of training for Club Presidents occur before taking office. Curriculum from the on-line “Faculty Guide” should be used for both. A Lieutenant Governor “retreat” is recommended before the District convention. The District Conventions should include 2-3 hours of training for incoming Lieutenant Governors and preferably six hours (with a minimum of three hours) training for the incoming Club Presidents. Governor’s should consider utilizing the International Representative and/or a Certified Trainer as faculty.
